

TORNADO ISDN

## External ISDN adapter TORNADO Webjet 128-USB

With line speed up to 128Kbps (2x 64Kbps) the TORNADO WebJet 128-USB is ideal for the demanding Internet user. The built-in active interface is less demanding for your PC.

Installation is simple and easy (hot pluggable) through the USB-connector of the TORNADO WebJet 128-USB and there is no need for a separate power supply.
